INTERNSHIPS

CodSoft, 1 Months

During my web development internship, I completed two significant projects that shaped my skills and passion. First, I crafted a personal portfolio using HTML and CSS, learning the basics of web structure and design. Then, I developed a basic calculator with HTML, CSS, and JavaScript, pushing my skills further.
These projects marked a significant leap in my understanding of web development technologies and problem-solving. My internship experience reinforced my commitment to web development and my enthusiasm for tackling complex challenges. I'm eager to apply my growing expertise to future projects and make a meaningful impact in the field
